

*TestWise courses are taught by master teachers who have been involved in preparing students for the PSAT, SAT, and ACT since 1996. Each course has been carefully designed to teach the most effective test-taking strategies as well as to provide a review of concepts targeted on each section of the SAT & PSAT. Students practice only on materials developed by The College Board.*

*The TestWise goal is to allow each student to approach the SAT and PSAT armed with strategies, skills, and complete confidence in his or her plan of attack.*
